

JANANI S

Data Analyst · Python · SQL · Power BI
+91 6380396989 | jananisuresh454@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

ECE graduate (2026) with hands-on experience in Excel, SQL, Python, and Power BI through projects and internships. Passionate about transforming data into actionable insights and seeking an entry-level Data Analyst role.

TECHNICAL SKILLS

Languages: Python, C, SQL, HTML, CSS

Tools & Platforms: GitHub, VS Code, Docker, Power BI

Concepts: ML Fundamentals, GenAI, Data Analysis, ETL Concepts

PROJECTS

Sales Performance Dashboard

- Cleaned and structured 3,090 raw sales records using Excel and Pandas; wrote SQL queries to analyze regional and product-level sales trends.
- Computed key performance indicators (KPIs) and developed an interactive Power BI dashboard tracking revenue, profit margins, and monthly growth drivers.
- Tech:* Excel, Python (Pandas, NumPy), SQL, Power BI

Brain Tumor Detection in MRI Scans

- Built an end-to-end MRI tumor detection pipeline using Python and OpenCV, covering preprocessing, skull stripping, segmentation, and feature extraction.
- Implemented rule-based classification to identify tumor regions from processed MRI images.
- Tech:* Python, OpenCV, image processing, classification

Personal Portfolio Website

- Designed and deployed a responsive personal portfolio using HTML, CSS, and JavaScript hosted on GitHub Pages.
- Focused on UI/UX design principles, clean layout, and cross-device compatibility.
- Tech:* HTML, CSS, JavaScript, GitHub

INTERNSHIPS

Data Science Intern | CoolTech Solutions, Chennai

Jan 2025

- Applied Python, NumPy, and Pandas to practice core data analysis concepts on sample datasets; used Power BI for visualizations.

Blockchain Technology Intern | BrainerySport Technology, Coimbatore

Aug 2024

- Applied cryptographic principles and consensus mechanisms to analyze blockchain architecture and decentralized application (DApp) design.

ML & Deep Learning Intern | Active Galaxy, Chennai

Feb – Mar 2024

- Implemented supervised, unsupervised, and neural network algorithms in Python, covering classification, clustering, and deep learning fundamentals.

EDUCATION

B.E. Electronics and Communication Engineering — Jai Shriram Engineering College | 2022 – 2026

HSC — AKT Academy, Kallakurichi | 2021 – 2022

CERTIFICATIONS

- Responsive Web Design — freeCodeCamp (2025)

WORKSHOPS

- IoT with Raspberry Pi — hands-on training (Mar 2025); IoT-based training workshop (Sep 2024); Chip-level Training & Smartphone Diagnostics (Mar 2024)

ADDITIONAL

Languages: English, Tamil, French

Soft Skills: Logical thinking, Critical thinking, Team collaboration, Time management

Activities: First prize — Intra-College Chess Championship (Sports Day)
